

Hello!

\*This week in Math we reviewed division, multiples, factors, and (some) learned the standard algorithm for division. We will continue division and start 2-digit by 2-digit multiplication when we return in January.

\*We have had a great week, thanks for all you have done to help your child in school. We had our Spelling Bee today. Each class has a winner and an alternate. Mrs. Sepelak's winner is Alexa and the alternate is Madeline. For Mr. Kalb's class, the winner was Lilly and the alternate is Daniel. The spelling bee is at Buckeye Elementary on January 10th at 4:15. Parents will need to provide transportation to Buckeye Elementary. Any questions about the Spelling Bee please contact me (Mr. Kalb).

Yesterday every student (and staff member) participated in some holiday centers. The students rotated through 4 stations and made a Madison Avenue ornament, reindeer food, a scratch ornament, paper link chain to count down until the end of the school year, and they also decorated and ate a cookie. The students enjoyed it and their ornaments look great!

Thank you to all of the families that donated food to End 68 Hours of Hunger. Your generosity is greatly appreciated!

Upcoming events-

Tomorrow - No School - Teacher's Records Day

Dec. 21- Jan 4 - No School - Winter Break

Jan. 7 - School Resumes

Jan. 7- Day 3

Jan. 8- Day 4

Jan. 9- Day 5

Jan. 10- Day 6
