

Hello!

*This week in Math the students learned how to add and subtract a fraction less than 1 to/from a whole number, add and multiply unit fractions, decompose and compose fractions greater than 1, and compare fractions greater than 1 using common denominators. Next week the students will create line plots, solve word problems with line plots, and add mixed numbers.

*What a great week in ELA. We have been jamming with nonfiction. We continue to work on our writing about something or someone important to us. We are just about to start a research project here at school. They are very excited about that. They continue to work hard on all their work which is so good to see.

-Just a reminder grammar packets and reading logs need to be turned in each week.

*In Science this week we finished our timeline. The students learned when animals and plants appeared on Earth and when (if) they became extinct. We also started a lesson called 'Bone Detectives.' The students were given "fossils" and had to assemble them. Each group is constructing a 3-D dinosaur puzzle.

*Social Studies we celebrated Ohio's Birthday, discovered why it is recognized on March first. We also started fighting our next war. It has been a busy time.

*Hoops 4 Hope- March 20

*MASCO Pancake Breakfast is on Saturday, April 13. Information was sent home earlier this week.

-4th grade is taking donations for lottery scratch-off tickets to make a basket/tree. If you are willing to donate please send in scratch-off lottery tickets between now and March 18th. Thank you in advance!

*We are having a Penny War at Madison Avenue starting today - March 22. All proceeds will go to support purchasing a commemorative plaque for the Riverside Veterans Memorial Wall. Information was sent home earlier this week.

*Please remember to check Infinite Campus for your child's grades.
